Setting the Standard

Future Stars can now supply your club with a full range of teamwear and the most widely used helmet in professional cricket.

Inside this edition

Welcome to the very first edition of Future Stars new magazine "All in DA Family"! As you flick through this magazine, you will soon discover what we are all about, what we can provide and see we are just one big happy cricketing family and share the love for cricket.

VVS Laxman and DA

Firstly we will introduce ourselves and our core cricket values. We also introduce our services, coaches and our business partners that we have been assembling over the last 5 years to create more than just a coaching resource.

Those of you who don't know us will quickly learn that Future Stars offers outstanding opportunities that are usually reserved for elite level athletes. We have developed relationships with some of the world's best coaches, international academies and schools to give all Future Stars family members the chance to play in some amazing fixtures locally, interstate and overseas.

In future editions will feature articles and offer exclusive specials and educational and training tools to our family members.

Compiling this magazine has been no easy task, we have been gathering and preparing all our marketing material for a long time and spent many hours creating content, designing graphics and building an image library.

We also welcome reader feedback and contributions to the magazine. If there is a cricket experience you would like to share with us. Please drop me a line!

Introducing Future Stars

From the playground to the test ground and world arenas is a dream many have but few experience

The love of the game is the essence of what enables all players to live out their dreams in the backyard, playground, village green, pathway cricket, premier leagues, T20, first class and test match environments.

Sharing the love of the game and pursuing a cricket career was my dream and I am proud with my achievements from a playing perspective and had a great deal of fun along the way.

During my career I was fortunate to be surrounded by and supported by fellow lovers of the game from various, faiths, genders and economic backgrounds and certainly feel these people and their emotional connection to the game and life was significant in helping shape my personal views of the best game in the world.

When I reflected on what environments would best suit providing opportunity for all to experience fun, education, life experiences, emotional connections and sharing in a common goal or achievement lead me to create and develop Future Stars Cricket Pty Ltd.

Cricket is a fractured economy, television deals worth millions, local clubs not having the resources to support their communities, high performance environments to fast track the selected, no environments for those not chosen, cost of playing the game is very high, the product on television is not what the public get to experience for themselves.

To address this balance Future Stars set about developing relationships with major international brands to support our vision, which is to provide grassroots cricket with the opportunity to have access to professional coaching services, resources, fixtures, education and networking opportunities usually associated with professional organisations.

With support of international business we quickly gained support from local businesses and institutions who wish to support our vision in helping provide opportunities for all under The Future Stars Umbrella.

Future Stars supports grassroots and professional organisations by providing the resources and financial capabilities for everyone to experience opportunities for development and growth.

So whether you are facing your first ball in the playground, crossing the boundary into senior cricket or wishing to pursue your dreams of higher honours Future Stars is here to encourage, empower, nurture and help all become the best they can be.

Love Cricket!

David Alleyne
Director Future Stars

Enhancing Opportunities

If we wish for our children, adults and families to thrive then surely we should be providing them every opportunity to do so?

It is common knowledge that not everyone gets equal opportunity or the support they may need. This is down to various factors however the most common theme shown across the cricketing community and in our communities globally are a lack of:

- ✓ Resources
- ✓ Experienced qualified professionals
- ✓ Services to help people with the day to day struggles
- ✓ Willingness to collaborate for the greater good
- ✓ Fear / arrogance
- ✓ Not wanting or willing to explore possibility for change or other ways of doing things...

How do Future Stars aim to be the catalyst for change in grassroots environments

- ✓ Provide access to the best available resources
Enable all to have the opportunity to engage and benefit from international business and experienced dedicated and committed professionals
- ✓ Establish Future Stars Hubs in metro / regional interstate and internationally
Providing greater opportunity for all to engage with respected and proven leaders in the community
- ✓ Provide opportunities for all to engage with professional services through your sporting organization
For it to become standard practice for dedicated community services to be available through your local sporting clubs
- ✓ Support sporting clubs financially
Which allows clubs to provide better resources

The Future Stars is unlike any other coaching organisation, we go about things a little differently. Our aim is create an unique experience for all our athletes where they can develop and build a unique bond to our coaches . We welcome and encourage their siblings and parents to participant in the journey.

Best practice over professionalism wins every time and is achievable

EXCITING NEWS FOR LEG SPIN BOWLERS

Famous for his gargantuan legbreak and majestic wrong'un, Stuart MacGill had the best strike-rate of any modern spin bowler. Now you can experience and be taught one of the best in the business!

Starting 1st July as part of Future Stars Premier Academy Stuart MacGill will be providing his elite knowledge and expertise to all players wishing to take their game to another level.

This is a must for any aspiring player as Stuart will be providing his unique insight into the hardest art in the game throughout our 8 week premier academy, workshop, coaching clinics and seminars.

Stay tuned, further details will be posted on our website and social media sites. Express your interest by emailing david@futurestars.com.au

THE NEED FOR SPEED AND POWER HITTING

We are very privileged to have Steffan Jones and Julian Wood (Joe Roots Power Hitting Coach) as a members of the Future Stars coaching team. Highly regarded as experts in their craft, they will provide professional and specialist coaching to take your game to the next level.

Steffan Jones Fast Bowling

Fast bowlers are the rare commodity that every team wishes to have. With the help/guidance and support of a fast bowling expert who's dedication and knowledge is hard to surpasss, you can become the fast bowler batters fear and captains and teammates cherish.

Big Steff puts the specifics of fast bowling conditioning ,technical awareness and development of the art into perspective.

Julian Wood Power Hitting

A unique batting coach who focuses on enabling players to consistently hit the ball with power. His knowledge and expertise in this unique skill set are sought after by many international teams including: Australia, England and Pakistan.

Having the ability to improve your game with a cricketing pioneer is something we are proud to facilitate.

Revolutionising cricket from administration to capture.

CricHQ makes it easy to capture and share all of your cricket.

Fully Customised Teamwear

Future Stars is proud to launch Masuri Teamwear! As an official Masuri provider we can supply a full range quality, custom teamwear for sports clubs of all levels, from grassroots right through to professional. Our customers benefit from exceptional quality, unrivaled service which includes short lead times, consistent design delivery season on season.

We work with Masuri to help supply associations, clubs, schools, universities and professional teams with their cricket and training kit.

If you need to order any replacement items or an entire kit for a new member, we can guarantee that these pieces will be identical to your existing kit. Masuri's unique model allows us to ensure design and colour consistency and short turnaround times.

Fully Customised Helmets

As an official supplier not only can we supply Masuri Helmets, we can also fully customised them as well with your club logo and club colours. Masuri helmets boast innovative designs which have been subject to stringent testing, meaning cricketers can be assured their helmet is of the highest quality, keeping them as safe and comfortable as possible.

The StemGuard

The clip-on attachment which provides additional protection for the vulnerable area at the back of the head and neck without restricting movement.

It comes with three sizes of interchangeable centre strap so that the size of the guard can be adjusted accordingly ensuring a comfortable fit.

TEST YOUR GAME AGAINST THE BEST

Our global cricket network is used to provide exciting opportunities in both the Northern and Southern Hemisphere. If you are serious about your cricket, then we are serious to provide these opportunities to you.

From weekly one 2 one specialist skills / strength conditioning sessions to fixtures against academies ,counties, states, franchises and representative teams, you will be supported and encouraged every step of the way.

With access to innovative and internationally recognised level III and IV CA / ECB coaches, first class training, playing facilities and unique fixtures your time with Future Stars will be full of purpose.

Our High Purpose cricket experience for domestic, international and interstate players runs during both the Northern and Southern Hemisphere cricket seasons and allows you to play and train in first class facilities.

Future Stars High Purpose Cricket Academy members had the privilege to travel, train and play in first class environments during our T20 Tour of Tasmania and play against the Hobart Hurricanes.

We also travelled to Adelaide for fixtures against the Darren Lehman Cricket Academy. Our coaching and playing group had an amazing time and got the rare opportunity to meet Australia's cricket coach, who passed on invaluable knowledge and we were privileged to work with Western Australia's ,Perth Scorchers prior to their BBL campaign 2016/17 with a power hitting session and for a series of training sessions with Justin Langer.

These are just a few highlights of experiences available to our members, more great cricket adventures are available on our website.

Powernet Distributor

Future Stars is proud to launch PowerNet®. As an official supplier we can provide these high quality nets for sports clubs of all levels, from grassroots right through to professional.

POWERNET™

Out Work! Out Play!

Cricket Training Target Zone Net Package Includes a weighted contact ball and target zone

Cricket Training Net with bow frame by PowerNet® offers coaches and athletes a convenient and affordable way to make the most out of the practice sessions. Practice anywhere with the perfect cricket net. A durable and portable net with a 2.1 by 2.1 feet hitting area is perfect for outfield throwing, bowling and as a barrier for batting. The Flex design allows the slight bend of the poles to allow for flex and the result is a sturdy structural net that will resist all levels of bowling, throwing, and hitting stress.

AJ WOODLAND WISDEN SCHOOLS CRICKETER 2016

Future Stars is honoured to feature AJ Woodland the St Edward's 1st XI cricket captain after his record-breaking 2016 season and winner of the Wisden Schools Cricketer of the Year.

AJ, who played for the 1st XI for four years, captained the side in his final year, and the team went on to record 15 wins in all formats in what was a heavily weather restricted season. AJ broke the School batting record, scoring 1,207 runs in the season, taking his career tally to 2,734, alongside his 76 career wickets.

He also broke the School's record for the number of centuries in a season with five, and scored the first double century in the School's history against Abingdon, hitting 204 not out. During that match, his opening partnership with current Fifth Former Ben Charlesworth of 310 was another school record.

AJ and his team also went on to retain the John Harvey Cup – a league competition against Radley, Marlborough, Cheltenham, Bradfield, and Winchester – for the fourth year in succession.

Richard Howitt, Master in Charge of Cricket says, 'AJ was a joy to coach in every way. A dedicated player with a cool head and an exceptional cricketing knowledge, he turned matches – and heads – with his batting, bowling, and fielding.'

AJ, who has drawn comparison in the past to former England Test captain Alistair Cook, is an exceptional left-handed opener, whose concentration and ability to construct an innings has drawn many plaudits. He averaged 85 runs per innings in 2016 and, by winning the Wisden Schools Cricketer of the Year, joins illustrious company with the likes of Jos Butler and Jonny Bairstow, among others.

Congratulations to AJ on his wonderful achievements!

Top AJ Woodland with Sir David Gower
Bottom: Ben Duckett (left) and Toby Roland Jones congratulate AJ

HIT DEVELOPMENT OUT OF THE GROUND!

CrackerCricket is a game changing service taking coaching and development to a whole new level.

The service includes a Library, Member Network, Locker, Skills Profiling, Focus development, access excellent resources, collaborate with like minded people, share resources to learn more – Faster!

With CrackerCricket, cricket enthusiasts have the opportunity of using a professional high performance tool to collaborate and share with coaches and teammates in a private and secure online environment dedicated to cricket knowledge and skill development.

Platform services include:

Performance Profile: CrackerCricket has worked with multiple cricketing coaches to create player profiles. These profiles allow players to self assess their skills to power development through self evaluation. After completing their profile assessment, players can receive 360 degree review from their coach to achieve an accurate picture of what they need to work on to accelerate progression.

CrackerCricket Library: The CrackerCricket library is a gateway to hundreds of high quality resources targeting player development. The library is getting stronger every day. The library combines all forms of content including video, audio and text resources to enhance the cricket lover's development.

Digital Locker: The digital locker application allows club members to curate their own content no matter what form (video, audio, text, web page links) into a private 'locker' for their own consumption and to share with connected coaches, teammates and mentors.

CrackerCricket

Network: CrackerCricket enables collaboration of club members through an application to connect and share.

Connecting and Privacy/Security: The use of technology always raises questions about security and privacy. Safeguarding communities is a top priority of the Cracker team. Cracker uses strong SSL certificate encryptions to ensure communities are both private and secure. On top of the encryptions, community member's accounts are securely authenticated through a two step verification feature. Extra measures are in place for people under the age of 14. To learn more, request a copy of our Privacy & Security guide for Clubs, Coaches, Parents and Players.

This exciting new Cricket development tool is available immediately for a free trial.

Enquire now and get set to take your game to a whole new level.

You can obtain the look of a professional outfit! Artwork that spans across logo design, adverts, marketing communications and general printing needs. Cost effective solutions with small businesses in mind. Create a new look to help attract attention new clients and more business!

CRICKET COACHING & GAME DEVELOPMENT

PAYNTR X
PERFORMANCE MULTIPLIED

It takes more than skill to carve a name into history. It takes a combination of aptitude and attitude. Expertise and grit. Excellence and spirit. A unique combination of the tangible and indefinable that merge to produce something truly unique. A perfect blend of these attributes made the Paynter name a cricketing legend.

Our Grandfather Eddie Paynter began his working life in the cotton mills of Oswaldtwistle, Lancashire. But within a few years, his name was being chanted in the House of Lords as news of his Test cricketing genius reached England from across the globe.

It was against Australia in the 'Bodyline Tour' of 1932 when he rose to prominence. With Australia having the upper hand and Eddie unexpectedly hospitalised, England was in trouble. When the news reached him, Eddie discharged himself from hospital, got a taxi to the ground, washed a couple of aspirin down with a glass of champagne, and proceeded to make his way to 83 to put his team in a first-innings lead. He returned in the second innings and hit the winning runs, six off Stan McCabe, one of Australia's most feared bowlers. From here on in, his name was etched into the memory of a generation of cricket fans.

Eddie was an incredibly talented cricketer. It is astonishing that someone who made his First-Class debut at the age of 24 was able to achieve such heights in the game. He averaged 84.42 from seven Tests against Australia, a feat that no other Englishman has replicated with a 500-run cut-off.

The Payntr Cricket Shoe is directly inspired by Eddie's rare attributes. We've created a true hybrid that amalgamates the key ingredients of success to give you the ultimate results. By fusing a cricket spike with a running shoe, the Payntr maximises agility, power, control and comfort. The outcome is performance multiplied.

A REVOLUTION IN CRICKET FOOTWEAR

The revolutionary new cricket shoe is now available from Future Stars. A running spike and cricket shoe combined to provide the ultimate comfort for any cricketer from grassroots to the international arena. Endorsed by many international players and endorsed by former England Test spinner, Graeme Swann.

Former county professional cricketer David Paynter recognised that fellow cricketers wanted footwear that combined the dexterity of a cricket shoe with the comfort of a running shoe, and from here Payntr Cricket Shoes were born.

David conducted extensive research into modern day sporting footwear and gruelling testing until he was satisfied that he had developed the game-changing boots solution. Possibly the lightest cricket shoe ever developed it will revolutionise players ability to use quick feet when batting or fielding.

PERFORMANCE MULTIPLIED

A shoe that combines the dexterity of a cricket shoe with the comfort of a running shoe. Extensive research into modern day sporting footwear and gruelling testing until satisfied we had developed game-changing solution.

We can say with confidence that Payntr is the result of passion, vision and innovation. The Payntr X, a revolution in cricket footwear, marks the beginning of a new cricket brand that will stay ahead of the curve, producing the ultimate products that push the boundaries of design and performance.

Payntr Cricket Shoes are available at all recognised retailers in Australia, United Kingdom and New Zealand.

UNIQUE WEARABLE ART

Edward Faingold has established a signature style that reflects passion, creativity and pride of craftsmanship.

From the outset, each piece is meticulously crafted and has to be a conversation piece.

"I see my craft as a form of wearable art, where the maker and the wearer can express individuality". From quiet elegance to a daring statement, you can find something that complements your own unique personality.

Collections feature one of a kind collector's items as well as reproductions of his most popular designs, creating an opportunity for an affordable gift of superior quality.

His repertoire varies from commissioned boutique collections for Bedarra, Lizard and Herron Island Resorts in Australia and Turtle Island in Fiji, to celebrity clientele such as Susan Sarandon to passers-by at craft markets seeking a unique memento of their visit to Australia.

As member of Gold and Silversmiths Guild of Australia (GSGA), all his work bears his personal makers mark and GSGA mark insuring authenticity, quality, and historical identification.

ALL ONE BIG HAPPY FAMILY UNDER ONE UMBRELLA

A family that plays together stays together and Future Stars since our very beginning had the objective to create an unique environment that makes everyone feel welcome and a part of something unique and very special. From our coaches to participants, to our supporters, sponsors and partners we have be able to create an amazing business model.

Being apart of our family has many benefits as we have highlighted throughout this publication and expressed on our website. We have created an extraordinary business and support network to enhance the experience of everyone that is associated with Future Stars.

Whether you are hitting, bowling or catching the ball for the first time, a young gun ready to take on the world Future Stars has the coaching and equipment resources to help you fulfil your dreams.

The graphic on page 21 illustrates our amazing collection of resources that have come together under one umbrella to provide an extraordinary level of expertise, knowledge and performance.

Over the last five years we have engaged specialist international coaches, connected with world renown brand name cricket equipment and products and use first class training facilities, all this gives our participants an exceptional platform to take the game to the highest level.

This approach is what makes Future s Stars different, it is more than just throw downs, net sessions and training drills. It is a deliberate, systematic and well structured program that is designed to suit individual needs, supported by a team of professional cricket, game development, strength and conditioning coaches.

CRICKET COACHING & GAME DEVELOPMENT

Testimonials

Going out to Australia is always a good experience for young cricketers, but it makes the stay more beneficial when you get to work closely with a high quality coach. I was fortunate enough to have worked hard on all aspects of my game with David throughout my stay in Melbourne. Not only technical but the mental side of the game too. It always helps to be coached by someone who has played the game to the standard in which I want to achieve and I felt that with his experience and knowledge of the game that he was a superb coach and model for me. I went from working with David in Melbourne all winter back to the English summer and had one of my better seasons. Making my first, first class century Scoring 221 versus Hampshire 2013. I can't wait to work with him again soon!

➤ Rob Keogh | Northamptonshire CCC - NatWest T20 Blast Winner 2016

I've been lucky enough to have had two seasons in Melbourne playing first grade cricket. Since first meeting and getting to work with David I scored 1000 runs for Gloucestershire CCC 2XI 2013 and was awarded my first county contract. After another winter in Melbourne captaining and playing alongside David I got to learn massive amounts about both the game and my skills. On returning to the UK in 2014 I started in the 1XI for Gloucestershire scoring 139 on debut in the county championship. I'm sure playing and training with David made me look differently at my game and make the necessary strides forwards. Cheers David

➤ Will Tavare | Gloucestershire CCC

Having worked closely with Dave personally and during his time at Richmond Cricket Club, I thoroughly recommend his coaching services to anyone from junior level through to professionals. These players were all represented at our club and Dave's 20 year playing and coaching experience from grassroots to elite level, combined with his extensive qualifications, ensured he was able to relate to a large number of players individual requirements. Every player looking to move their game forward can benefit from Dave's knowledge of current coaching methods and absolute passion for the sport, creating an enjoyable learning process along the way

➤ Alan Wise | Monash Tigers Head Coach, former Victoria and South Australia first class cricketer

I have worked closely with David on both batting and wicket keeping aspects of my game. His communication, work ethic and willingness to match my enthusiasm for training and striving to improve was second to none. We worked on some great stuff in the build up to my season back home and definitely have seen the benefits over the last couple years. His knowledge of not just the league structure/county competition in England but also the grade/district competition in Australia is fantastic, which would benefit anyone wanting to improve their game. I would highly recommend any cricketer to get into touch with David. He has helped my game, I'm sure he will have some great input into yours!!!

➤ John Simpson | Middlesex CCC - County Championship Division 1 Winner 2016

No matter what level of cricketer you are; a seasoned professional, young gun or facing your first ball ever, the Future Stars Family can help advance your game to the level you are aiming for. Visit our website to learn more about what we do and view more testimonials.

EXPERIENCE A NEW JAGUAR F-TYPE FROM JUST £99 PER DAY*

Experience a new Jaguar F-type with **IVC Rental** and **Future Stars**. IVC is a premium luxury car rental business, specialising in Jaguar and Land Rover cars. A first in the market service, we allow customers to switch between cars without the commitment of leasing, finance or ownership, giving you the freedom and flexibility to fit your lifestyle.
